

WRTC 2014

World Radiosport Team Championship

July 8 - 14, 2014

Contesting's Best are Coming to New England!

In July 2014 the world's top radio contesters will converge on the Northeast United States for the 7th World Radiosport Team Championship. This will be the first WRTC held in the United States since 1996.

Removing the variables of geography, power, and antennas, 59 two-operator all-star teams will battle for personal and national pride on a world stage.

More than just a competition, WRTC is an opportunity for competitors, referees, and visitors from around the world to make and renew friendships.

WRTC2014, Inc. is an IRS approved 501(c)(3) public charity.

WRTC2014 needs you

Funding for construction of the 59 identical stations comes from the generosity of the contesting community. Donations via PayPal to donations@wrtc2014.org.

What is WRTC?

Contesting is a unique sporting challenge. Everyone is trying to make the best score they can, but inequities such as location, power, antennas, and more make it difficult to compare one score with another. Held every four years, the World Radiosport Team Championship brings some of the world's best operators together to compete on a level playing field. The result is an intense all-star competition and showcase of amateur radio capabilities.

Qualifying to be a competitor in WRTC2014 was based on contest scores among 55 events over a 3 year period. Operators who earn a coveted entry are truly some of the best in their region of the world.

Want to be involved?

In addition to the 118 competitors and 59 referees, there are hundreds of people who help make the competition possible. We need help with station setup, drivers, hosts, and logistics support. Be a part of WRTC2014 and take advantage of this rare opportunity to meet and learn from these top operators.

If you can't make it to New England, you can still participate by working the WRTC stations and submitting your log to help with the log checking. There will be prizes for stations that work all 59 teams and for working the most band modes.

Participate in person or on the air...Plan to be a part of WRTC2014!

Fax: 330.572.3279

DXENGINEERING.COM
800-777-0703

DX Engineering can supply you with what you need to stay competitive, including advice from serious Amateur Operators and the industry's fastest shipping.

DX Engineering Receive Preamplifier

- Better than most radio front-ends
- Advanced push-pull design eliminates harmonic distortion
- High quiescent current handles strong signals
- Covers 300 kHz-35 MHz

Hi-Z Antenna Products

- HF array systems, preamps, filters and transformers
- Only available at DX Engineering
- Work well in high-RF fields
- Compact arrays won't take up a lot of space

KD9SV 160/80 Meter Systems

- Some of the best "Top-Band" gear on the planet
- DX Engineering carries KD9SV preamplifiers, antenna switches, relays, Beverage systems and KD9SV's unique Front-End Saver

Get the right parts and blazing-fast shipping. Request your catalog and shop online 24 hours a day, 7 days a week at DXEngineering.com

25th Annual Top Band Dinner

Friday • May 16, 2014

6:15 Social Hour

7:30 Dinner

Welcome
Tim Duffy, K3LR

Top Band Roll Call

Program: The FT5ZM Top Band Experience
Craig Thompson, K9CT

We are thrilled to have Craig Thompson, K9CT, with us to present "The FT5ZM Top Band Experience". As a member of the DXpedition to Amsterdam Island, Craig will talk about this amazing operation with emphasis on Top Band operations.

Tickets for the 2015 Top Band Dinner will be available after January 1, 2015 at <http://TopBandDinner.com>

Program compliments of DX Engineering
